Since its inception in 2009 the south west support working group has been made up of representatives from south west regional Constabularies namely Avon and Somerset Black Police Association (BPA), Dorset Police BAME Network, Wiltshire Ethnic Police Association (WEPA) and Gloucestershire Police Ethnic Minority Association (GEMA).

The network has grown during its eleventh year and now has three of the Welsh Constabularies on board namely South Wales Black Police Association (BPA), Gwent Police Ethnic Minority Association (GEMA) and Dyfed-Powys Police Ethnic Minority support Network. The Regional Chairs meet every quarterly in order to share knowledge and best practice and have each other for support and advice.
